Commuting

In Indiana, most workers commute to a job, either within their home county or beyond. Patterns of commuting are significant in showing the labor supply. The county *labor force* represents workers who reside in the county no matter where they work. Two types of commuting patterns are provided here - the Census 2000 *benchmark* and the annual data tabulated from state income tax returns that can help provide a more current view.

Commuting Data, 2007		
	Number	
Number of tax filers who live in county and work	53,327	
Number of tax filers who work in the county	53,097	
Number of tax filers who live in county and work in county	45,416	
Number of tax filers who live out of the county and work in county	7,681
